

# Extended Reality Grading Policy

This document describes the grading policy followed for the ***Certificate Program in Extended Reality***

## Program Completion Criteria

There are two completion criteria for the successful completion of the program, **Scoring**, and **Attendance**.

S.No	Course	Course Weightage
<b>Introduction</b>		
1	Fundamentals of Extended Reality	1
2	Project Conceptualisation	
3	Asset Creation I	3
4	Asset Creation II	3
<b>Unreal</b>		
5	Introduction to UE5	2
6	Project Anatomy and working with Assets	2
7	Asset import (from any DCC tools)	1
8	Look development Fundamentals (Introduction to Materials)	1
9	Advanced Materials in Unreal	1
10	Introduction to Lighting	1
11	Gameplay framework	1
12	Introduction to Blueprints_01	1
13	Introduction to Blueprints_02	1
14	Level building in UE5	1
15	Landscape Creation	1
16	Post Processing Essentials	1
17	Sequencer in Unreal Engine	1
18	Deployment	2
19	Project 1	25
<b>Virtual Reality</b>		

19	VR Overview & Introduction to Oculus and Unreal	1
20	VR Project & Scene Setup	1
21	Movements & Interactions Setup - Part 1	2
22	Movements & Interactions Setup - Part 2	2
23	VR User Experience	1
24	Optimisation & Deployment	2
25	Project 2	20
<b>AR</b>		
26	Introduction to AR	1
27	Lens Studio AR Walkthrough	1
28	Trackers	1
29	Tracking the Face AR Lens Design	2
30	Marker Tracking Lens Design	2
31	Project 3	15
	<b>Total</b>	<b>100</b>

The following are the minimum scoring requirements In order to successfully complete the program:

- A minimum average score of 60% throughout the program

Apart from the scoring criteria, the learners must maintain a minimum attendance to be eligible for the certification.

- 75% across program

## Documents Presented at Course Completion

All students who successfully complete the program are presented with:

- **Certificate of Completion:** When you pass the Hero Vired assessments and capstone project, you will receive this certificate.
  - If you fulfill all the above-mentioned criteria then you will get the program completion certificate.
- **Certificate of participation from Hero Vired:** If you fail the Hero Vired assessments and the Capstone.

## Plagiarism and Dishonest Means

Hero Vired strongly discourages plagiarism or any dishonest means (like copying from each other) by students. We employ various methods to ensure that all assignments are original and born out of your effort alone. We can use software tools to ensure that subjective assignments are not plagiarized.

Plagiarized or copied submissions will not be considered for grading. Disciplinary action will be taken and you may be asked to leave the program, in case any use of dishonest means is proved

## Graded Component Submission Timelines

It is advisable to keep following the notifications shared on the mobile/mail/platform to keep abreast with the latest developments/deadlines etc.

The course assignments/assessments that are graded will have two deadlines:

**Due Date:** The submission deadline for the assignment (which is 15 days from the date of release of the assignment/assessments), adhering to which will ensure that there is no late submission penalty.

**Cut-off Date:** The cut-off date is 7 days after the submission (due date) deadline. If a graded component is submitted after the due date and before the cut-off date, then it will be graded on 70% of the total marks of the graded component. No submissions will be accepted after the cut-off date as the solutions are released the very next day.

**\*\* Please note that all the deadlines are in IST. Hence, if you are in a different time zone, your submission deadlines may vary according to the time zone.**

**Note:** In case you are unable to submit the assignment within these deadlines due to any personal/professional exigency, you are required to raise a request to the program director for a deadline extension. The request should be raised 24 hours before the deadline and the final decision on deadline extension will be at the sole discretion of the Program Director. Within the course of the program, only 3 such extensions will be granted.

Extensions are allowed only for assignments/projects. Deadlines cannot be extended for Graded Quizzes

## Re-evaluation

Post the assessment grading, if the learner believes that the grades received are not appropriate, he/she can raise a request for re-evaluation with the Program Director. The request has to be raised within 14 days after the grading and no request shall be entertained post this deadline.

The final decision on the reevaluation will be at the sole discretion of the Program Director.
